Sizing and Measurements

Our designs are made to standard sizes based upon our sizing numbers given above. Please keep in mind that the size that you may be accustomed to wearing may be a different size in an Olive garment.

Measurements taken can be converted to a standard size using our sizing numbers and our talented production team will ensure the best fit based on the numbers and size that you choose to give. _____

Our garments are all made with a generous seam allowance, so most garments can be let out 1-½ inches, if needed. We believe that it is better to order larger, as it is easier to take a garment in rather than let out.

Garments are made to order, utilizing our sizing numbers, but are not made to exact measurement. _____
